

IP55

## Outside temperature sensor for TE3xx and Berker sensorik

## **Technical properties**

| Resistance                               |               |
|--|---------------|
| Characteristic resistance value at 25 °C | 10 kΩ         |
| Equipment                                |               |
| Probe type                               | outside probe |
| Safety                                   |               |
| REACH conform                            | No            |
| RoHS conform                             | Yes           |
| Halogen free                             | No            |
| Use conditions                           |               |
| Operating temperature                    | -3050 °C      |
