

WBM10RSN

Mechanism 10A rotary SENSOR

Technical properties

Voltage

Nominal voltage	250 - 250 V
-----------------	-------------

Installation, mounting

Mounting on	Flush mounting
-------------	----------------

Safety

Ingress Protection (IP) class	IP20
-------------------------------	------

Dimensions

Depth	45 mm
-------	-------

Materials

Colour	White
--------	-------

Architecture

Control/operation element	Rotative
---------------------------	----------

Texts

Type of connection	With screw terminals
--------------------	----------------------
