

12017034

Technical properties

Compatibility

For aerial socket	according to DIN 45330
-------------------	------------------------

Connectivity

Inputs	with knock out SAT input
--------	--------------------------

Materials

Colour of design line	aluminium
-----------------------	-----------

Material / workmanship	lacquered
------------------------	-----------

Surface appearance	matt
--------------------	------

Equipment

Supporting plate / Supporting ring	without supporting ring
------------------------------------	-------------------------

Safety

REACH conform	Yes
---------------	-----

RoHS conform	Yes
--------------	-----

Identification

Main design line	Berker K.1
------------------	------------
