

161

Temp. sensor (33 kΩ), HVAC control

Technical properties

Resistance

Characteristic resistance value at 25 °C 33 kΩ

Materials

Colour of design line black

Connection

Sensor cable length 4 m

Safety

REACH conform Yes

RoHS conform Yes

Use conditions

Temperature for thermostat time-controlled

Identification

Application, usage KNX - sensors ; HVAC control

Main design line Light control

Secondary design line(s) HVAC-control ; ACCESSORIES
