

glass polar white

75642030

 $\ensuremath{\mathsf{KNX}}$ glass sensor 2g thermostat, display, intg bus coupl. , $\ensuremath{\mathsf{KNX}}\text{-TS}$ sensor, p.wh.

Technical properties

Technical properties	
Functions	
With room temperature controller	Yes
Function	with valve protection function ; for switch, push-but- ton, dimmer, blind and thermostat functions
Operating mode	controller operating modes: comfort, standby, night and frost/heat protection mode
Controls and indicators	
With LED indication	Yes
Number of buttons	0
Operation	operation by gently touching the sensor surfaces on the white LED
Indication / display	LED display with symbol display ; display of oper- ating mode, controller lockout, room/outside temper- ature, time (clock required)
Button / push-button	with 2 additional display sensor surfaces
Connectivity	
Encoding	with button blocking function
Voltage	
Voltage	operation with non-choked output of KNX voltage supply possible (pay attention to current consump- tion); separate auxiliary power supply needed
Dimensions	
Depth	37.7 mm
Depth	5.7 mm
Dimensions (W x H x D)	86 x 160 x 5.7 mm
Height	160 mm
Width	86 mm
Power	
Current consumption	23 mA
Measurement	
Value transmitter	value transmitter for dimming, position, brightness and temperature values 1 and 2 byte
Screen	
With display	Yes

Materials

Colour of design line

	RAL 9010 - Pure white
Surface appearance	glossy
Material family	Glass
LED control	
LED	with blue operation LED and 4 white status LEDs
Installation, mounting	
Installation mode	for vertical mounting
Connection	
Bus coupling unit	with integral bus coupling unit
Bus connection	bus connection via connecting termina
Settings	
Parameterisation	single and two push-button operation parameterisable; end customer display scope parameterisable
Scope of delivery	
Bus connection included	Yes
Accessories included	
Adapters	with adapter ring for dismantling protection and shadow gap formation
Matching products	for glass frames in the same "style" for additiona applications, see the Design line B.7; for additiona products to complement the installation in matching colours/materials, refer to the Design platform
	5.1/B.X
Equipment Number of actuation points	
Equipment Number of actuation points	6
Equipment Number of actuation points With anti-theft/dismantling protection	for heating and/or cooling mode with/without auxil-
Equipment	for heating and/or cooling mode with/without auxiliary step for individual single room temperature control control parameter for heating / cooling unit pre-set;
Equipment Number of actuation points With anti-theft/dismantling protection Heating	for heating and/or cooling mode with/without auxiliary step for individual single room temperature control control parameter for heating / cooling unit pre-set ;
Equipment Number of actuation points With anti-theft/dismantling protection Heating Control Use	for heating and/or cooling mode with/without auxiliary step for individual single room temperature control control parameter for heating / cooling unit pre-set for continuous (PI) or switched (2-point) contro
Equipment Number of actuation points With anti-theft/dismantling protection Heating Control Use Differentiation characteristic 2 - Sales	for heating and/or cooling mode with/without auxiliary step for individual single room temperature control control parameter for heating / cooling unit pre-set for continuous (PI) or switched (2-point) control
Equipment Number of actuation points With anti-theft/dismantling protection Heating Control Use Differentiation characteristic 2 - Sales Differentiation characteristic 3 - Sales	for heating and/or cooling mode with/without auxiliary step for individual single room temperature control control parameter for heating / cooling unit pre-set for continuous (PI) or switched (2-point) control
Equipment Number of actuation points With anti-theft/dismantling protection Heating Control Use Differentiation characteristic 2 - Sales Differentiation characteristic 3 - Sales Safety	for heating and/or cooling mode with/without auxiliary step for individual single room temperature control; control parameter for heating / cooling unit pre-set; for continuous (PI) or switched (2-point) control Display integrated bus coupling unit
Equipment Number of actuation points With anti-theft/dismantling protection Heating Control Use Differentiation characteristic 2 - Sales Differentiation characteristic 3 - Sales Safety REACH conform	for heating and/or cooling mode with/without auxiliary step for individual single room temperature control control parameter for heating / cooling unit pre-set for continuous (PI) or switched (2-point) contro Display integrated bus coupling unit
Equipment Number of actuation points With anti-theft/dismantling protection Heating Control Use Differentiation characteristic 2 - Sales Differentiation characteristic 3 - Sales Safety REACH conform	for heating and/or cooling mode with/without auxiliary step for individual single room temperature control control parameter for heating / cooling unit pre-set for continuous (PI) or switched (2-point) contro Display integrated bus coupling unit
Equipment Number of actuation points With anti-theft/dismantling protection Heating Control Use Differentiation characteristic 2 - Sales Differentiation characteristic 3 - Sales Safety REACH conform RoHS conform Use conditions	for heating and/or cooling mode with/without auxiliary step for individual single room temperature control control parameter for heating / cooling unit pre-set for continuous (PI) or switched (2-point) control Display integrated bus coupling unit Yes
Equipment Number of actuation points With anti-theft/dismantling protection Heating Control Use Differentiation characteristic 2 - Sales Differentiation characteristic 3 - Sales Safety REACH conform RoHS conform Use conditions Operating temperature	for heating and/or cooling mode with/without auxiliary step for individual single room temperature control; control parameter for heating / cooling unit pre-set; for continuous (PI) or switched (2-point) control Display integrated bus coupling unit Yes Yes additional connection for external temperature sensor; temperature measurement via internatemperature sensor or external communication
Equipment Number of actuation points With anti-theft/dismantling protection Heating Control Use Differentiation characteristic 2 - Sales Differentiation characteristic 3 - Sales Safety REACH conform RoHS conform Use conditions	for heating and/or cooling mode with/without auxiliary step for individual single room temperature control; control parameter for heating / cooling unit pre-set; for continuous (PI) or switched (2-point) control Display integrated bus coupling unit Yes Yes -545 °C additional connection for external temperature sensor; temperature measurement via internal temperature sensor or external communication object IV (2%)

Application, usage	KNX - operating systems
Main design line	KNX - Berker TS Sensor
Secondary design line(s)	Berker TS Sensor ; KNX
Instructions	
Information text	Only suitable for KNX
