

75642035

 $\ensuremath{\mathsf{KNX}}$ glass sensor 2g thermostat, display, intg bus coupl. , $\ensuremath{\mathsf{KNX\text{-TS}}}$ sensor, bl.

Technical properties

| Function |
|----------|
|----------|

| - anctions | |
|----------------------------------|---|
| With room temperature controller | Yes |
| Function | with valve protection function ; for switch, push-but- ton, dimmer, blind and thermostat functions |
| Operating mode | controller operating modes: comfort, standby, night and frost/heat protection mode |
| Controls and indicators | |
| With LED indication | Yes |
| Number of buttons | 0 |
| Operation | operation by gently touching the sensor surfaces on the white LED |
| Indication / display | LED display with symbol display ; display of oper- ating mode, controller lockout, room/outside temper- ature, time (clock required) |
| Button / push-button | with 2 additional display sensor surfaces |
| Connectivity | |
| Encoding | with button blocking function |
| Voltage | |
| Voltage | operation with non-choked output of KNX voltage supply possible (pay attention to current consump- tion) ; separate auxiliary power supply needed |
| Dimensions | |
| Depth | 37.7 mm |
| Depth | 5.7 mm |
| Dimensions (W x H x D) | 86 x 160 x 5.7 mm |
| Height | 160 mm |
| Width | 86 mm |
| Power | |
| Current consumption | 23 mA |
| Measurement | |
| Value transmitter | value transmitter for dimming, position, brightness and temperature values 1 and 2 byte |
| Screen | |
| With display | Yes |
| Materials | |
| Colour of design line | glass black |

| | black |
|--|---|
| Surface appearance | glossy |
| Material family | Glass |
| LED control | |
| LED | with blue operation LED and 4 white status LEDs |
| Installation, mounting | |
| Installation mode | for vertical mounting |
| Connection | |
| Bus coupling unit | with integral bus coupling unit |
| Bus connection | bus connection via connecting terminal |
| Settings | |
| Parameterisation | single and two push-button operation parameterisable ; end customer display scope parameterisable |
| Scope of delivery | |
| Bus connection included | Yes |
| Accessories included | |
| Adapters | with adapter ring for dismantling protection and shadow gap formation |
| | for glass frames in the same "style" for additiona applications, see the Design line B.7; for additiona products to complement the installation in matching |
| Matching products | colours/materials, refer to the Design platform |
| Matching products Equipment Number of actuation points | colours/materials, refer to the Design platform S.1/B.> |
| Equipment Number of actuation points | colours/materials, refer to the Design platform S.1/B.x |
| Equipment Number of actuation points With anti-theft/dismantling protection | colours/materials, refer to the Design platform S.1/B.x 6 Yes for heating and/or cooling mode with/without auxil- |
| Equipment | colours/materials, refer to the Design platform S.1/B.x for heating and/or cooling mode with/without auxiliary step for individual single room temperature control control parameter for heating / cooling unit pre-set; |
| Equipment Number of actuation points With anti-theft/dismantling protection Heating | colours/materials, refer to the Design platform S.1/B.x for heating and/or cooling mode with/without auxiliary step for individual single room temperature control control parameter for heating / cooling unit pre-set; |
| Equipment Number of actuation points With anti-theft/dismantling protection Heating Control Use | colours/materials, refer to the Design platform S.1/B.x for heating and/or cooling mode with/without auxiliary step for individual single room temperature control control parameter for heating / cooling unit pre-set for continuous (PI) or switched (2-point) control |
| Equipment Number of actuation points With anti-theft/dismantling protection Heating Control Use Differentiation characteristic 2 - Sales | colours/materials, refer to the Design platform S.1/B.x Yes for heating and/or cooling mode with/without auxil iary step for individual single room temperature control control parameter for heating / cooling unit pre-set for continuous (PI) or switched (2-point) control Display |
| Equipment Number of actuation points With anti-theft/dismantling protection Heating Control Use Differentiation characteristic 2 - Sales Differentiation characteristic 3 - Sales | colours/materials, refer to the Design platform S.1/B.x Yes for heating and/or cooling mode with/without auxiliary step for individual single room temperature control control parameter for heating / cooling unit pre-set for continuous (PI) or switched (2-point) control |
| Equipment Number of actuation points With anti-theft/dismantling protection Heating Control Use Differentiation characteristic 2 - Sales Differentiation characteristic 3 - Sales Safety | colours/materials, refer to the Design platform S.1/B.x Yes for heating and/or cooling mode with/without auxiliary step for individual single room temperature control control parameter for heating / cooling unit pre-set for continuous (PI) or switched (2-point) contro Display integrated bus coupling unit |
| Equipment Number of actuation points With anti-theft/dismantling protection Heating Control Use Differentiation characteristic 2 - Sales Differentiation characteristic 3 - Sales Safety REACH conform | colours/materials, refer to the Design platform S.1/B.x Yes for heating and/or cooling mode with/without auxil iary step for individual single room temperature control control parameter for heating / cooling unit pre-set for continuous (PI) or switched (2-point) contro Display integrated bus coupling unit |
| Equipment Number of actuation points With anti-theft/dismantling protection Heating Control Use Differentiation characteristic 2 - Sales Differentiation characteristic 3 - Sales Safety REACH conform | colours/materials, refer to the Design platform S.1/B.x Yes for heating and/or cooling mode with/without auxil iary step for individual single room temperature control control parameter for heating / cooling unit pre-set for continuous (PI) or switched (2-point) contro Display integrated bus coupling unit |
| Equipment Number of actuation points With anti-theft/dismantling protection Heating Control Use Differentiation characteristic 2 - Sales Differentiation characteristic 3 - Sales Safety REACH conform RoHS conform | colours/materials, refer to the Design platform S.1/B.x for heating and/or cooling mode with/without auxiliary step for individual single room temperature control control parameter for heating / cooling unit pre-set for continuous (PI) or switched (2-point) contro Display integrated bus coupling unit Yes |
| Equipment Number of actuation points With anti-theft/dismantling protection Heating Control Use Differentiation characteristic 2 - Sales Differentiation characteristic 3 - Sales Safety REACH conform RoHS conform Use conditions Operating temperature | colours/materials, refer to the Design platform S.1/B.x for heating and/or cooling mode with/without auxiliary step for individual single room temperature control; control parameter for heating / cooling unit pre-set; for continuous (PI) or switched (2-point) control Display integrated bus coupling unit Yes Yes additional connection for external temperature sensor; temperature measurement via internatemperature sensor or external communication |
| Equipment Number of actuation points With anti-theft/dismantling protection Heating Control Use Differentiation characteristic 2 - Sales Differentiation characteristic 3 - Sales Safety REACH conform RoHS conform Use conditions | colours/materials, refer to the Design platform S.1/B.x for heating and/or cooling mode with/without auxiliary step for individual single room temperature control; control parameter for heating / cooling unit pre-set; for continuous (PI) or switched (2-point) control Display integrated bus coupling unit Yes Yes -545 °C additional connection for external temperature sensor; temperature measurement via internal temperature sensor or external communication object IV (2%) |

| Application, usage | KNX - operating systems |
|--------------------------|-------------------------|
| Main design line | KNX - Berker TS Sensor |
| Secondary design line(s) | Berker TS Sensor ; KNX |
| Instructions | |
| Information text | Only suitable for KNX |
