

untreated

80960285

Cover for 1gang for push-button module, clearlens, S.1/B.3/B.7, ant., matt

| Technical properties       |   |
|----------------------------|---|
| Functions                  |   |
| Easy link functions        | operating concept "independent push-button" func-<br>tion predefined; operating concept for "roller shut-<br>ter/blind" function predefined; switching of scenes<br>(18) possible; brightness value of the status LED<br>for day/nighttime operation preset, change-over for<br>day/nighttime operation possible; integrated<br>temperature sensor with output of the measured<br>values; Colour of status LED uniformly adjustable for<br>complete device; push-button functions: including<br>switching, dimming, roller shutter/blind, timer, prior-<br>ity, operating mode changeover   |
| Function                   | Function for manual interruption of automatic functions already triggered   |
| Function                   | operating surfaces as buttons (single-surface operation) and rockers (two-surface operation); the brightness of status LEDs are individually adjustable for button/ rocker function; brightness value of the status LEDs for day/nighttime operation adjustable via object or manually; value transmitter for dimming, position, brightness temperature values 1 and 2 byte; integrated temperature sensor with output of the measured values via object; parameter defineable lock function; button/rocker functions for switching, dimming, roller shutter/blind, value transmitter 1/2 byte, room thermostat extension unit, priority, scene, automatic control deactivation |
| Controls and indicators    |   |
| Operation                  | operating areas configurable as one or two-area<br>operation  |
| Button / push-button       | with programming button and red programming LED   |
| Voltage                    |   |
| Operating voltage over bus | 2132 V DC   |

| Controls and indicators    |  |
|----------------------------|--|
| Operation                  | operating areas configurable as one or two-area operation            |
| Button / push-button       | with programming button and red programming LED                      |
| Voltage                    |  |
| Operating voltage over bus | 2132 V DC  |
| Dimensions                 |  |
| Height                     | 55 mm  |
| Power                      |  |
| Power consumption, KNX     | ≈ 108 mW   |
| Camera                     |  |
| Lens                       | with clear lens for RGB status display of the push-<br>button module |
| Materials                  |  |
| Colour of design line      | anthracite   |
| Surface appearance         | matt   |

Type of surface treatment

| Connection                               |   |
|--|---|
| Bus coupling unit                        | with integral bus coupling unit   |
| Bus connection                           | bus connection via connecting terminal  |
| Settings                                 |   |
| Supported configuration modes            | system, easy  |
| Equipment                                |   |
| Buzzer/siren                             | with integrated buzzer for acoustic identification of<br>the device within the system |
| Use                                      |   |
| Differentiation characteristic 2 - Sales | with clear lens   |
| Safety                                   |   |
| REACH conform                            | Yes   |
| RoHS conform                             | Yes   |
| Halogen free                             | No  |
| Protection                               | with dismantling protection   |
| Use conditions                           |   |
| Operating temperature                    | -545 °C   |
| Storage/transport temperature            | -2070 °C (storage at > 45°C reduces the service life)                                 |
| Temperature                              | integrated temperature sensor with output of the<br>measured values via object        |
| Identification                           |   |
| Application, usage                       | KNX - operating systems   |
| Product family                           | product family: push-button   |
| Main design line                         | KNX - Berker S.1/B.3/B.7  |
| Secondary design line(s)                 | KNX ; Berker S.1 ; Berker B.3 ; Berker B.7  |
