:hager

TXA114

IP20

Power supply 1x 30V DC KNX + 1x 24V DC

Technical properties

Bus system	E	
Configuration		
Number of modules		
Connectivity		
Bus lines		
Outputs	one output 30 V DC, 320 mA incl. choke ; one outpu 24 V, 640 m	
Main electrical features		
Frequency	50/60 H	
Voltage		
Output voltage	24V+30	
Output voltage	2832	
Electric current		
Output current	max. 320 m	
Ouput intensity	320 m	
Fuse		
Fuse	with electronic short-circuit and overload protectio	
Dimensions		
Depth of installed product	64 m	
Height of installed product	90 m	
Length	64 m	
Width of installed product	72 m	
Width of rail mounted device (RMD)	4 module	
Power		
Total power loss under IN	4.4	
Materials		
RAL colour	RAL 7035 - Light gre	

Connection

Connection cross-sect, flexible conductor	0,75 / 2,5mm ²
	0,7372,311111
Connection cross-sect. rigid cable	0,75 / 2.5mm ²
Conductor cross-section (flexible)	0.752.5 mm ²
Conductor cross-section (rigid)	0.752.5 mm²
Type of connection	with QuickConnect plug-in terminals
Connection	protected earth conductor must be connected
Use	
Differentiation characteristic 1 - Sales	with labelling field

Use conditions

Operating temperature	-545 °C
Storage/transport temperature	-2070 °C
