

FR23K1

**Steel enclosure, Univers, glazed door IP55, CL1, 1850x800x275 mm, plinth H100 mm**

### Technical properties

#### Dimensions

Height	1,950 mm
Width	800 mm
Depth	275 mm
Thickness of sidewall	1.50 mm

#### Safety

Ingress Protection (IP) class	IP55
Protection class	Isolation class I
Locking type	Without lock
Impact resistance IK	IK10

#### Equipment

Number of section in width	3
Number of flange plate openings	6
Number of rows	12

#### Installation, mounting

Mounting on	Floor mounting
Suitable for outdoor usage	No

#### Materials

Colour	Light grey
RAL code	7035
Treatment	Powder coated
Material	Steel
Surface finish	Mat

#### Cover, door

Number of cabinet doors	1
Number of locks	1
Door/cover is transparent	Yes

#### Electric current

Rated current	800 A
---------------	-------

#### Voltage

Nominal voltage	690 - 690 V
