

1675

Neon lamp unit N terminal, light control, grey

Technical properties

Architecture

Fixing mode flush-mounting

Controls and indicators

Rocker switch/rocker push-button for change-over/intermediate switch and on/off switch, 2-pole, 10 AX, for rocker push-buttons and multiple rockers push-buttons, except order no. 503404, 503808

Main electrical features

Rated current 1 mA

Materials

Colour independent of design lines Grey

Equipment

Lighting for lighting and monitoring circuit

Combination rocker switches/rocker push-buttons for series switch illuminated

Use cases

Application Barrier-free application, Light control

Identification

Application, usage Light control

Main design line Light control

Secondary design line(s) Light control, ACCESSORIES

Instructions

Special note text Refer to the overview for the matching flush-mounted inserts. ; these marked articles (see symbol) are only suitable for the water-protected flush-mounted installation IP44 in conjunction with the corresponding seal, frame and contact protection box (imprint "IP44").

Information text When several neon lamp units are used, the lamp current may result in malfunctioning of the relay/pulse relay. Remedy: Carry along a neutral conductor or connect a capacitor 230 V (1 μ F per 10 mA neon lamp current) in parallel with the coil.
