

1680

**LED unit N terminal for switch, light control, black**

**Technical properties**

**Main electrical features**

Nominal voltage 230 V

**Electric current**

Rated current 0.9 mA

**Materials**

Colour independent of design lines black

**Lighting control**

Type of lamp LED

**LED control**

Rate current per LED  $\approx 0.9$  mA

**Connection**

Type of connection with screw terminal

**Equipment**

Lighting for monitoring circuit per series

**Use cases**

Application Light control

**Safety**

REACH conform Yes

RoHS conform Yes

Halogen free Yes

**Identification**

Application, usage Light control

Main design line Light control

Secondary design line(s) Light control ; ACCESSORIES

**Instructions**

Special note text Refer to the overview for the matching flush-mounted inserts.
