

450210

## Aerial soc. 2hole single box, 1930/glass/R.classic

### Technical properties

#### Functions

Function	Suitable for HDTV
----------	-------------------

#### Connectivity

Reception / transmission	for terrestrial reception, for digital and analogue transmission
--------------------------	--

#### Voltage

Voltage	direct voltage conducting (IN / IEC jack female)
---------	--

#### Frequency

Broadband technology	5...2400 MHz
----------------------	--------------

#### Resistance

Wave impedance	75 $\Omega$
----------------	-------------

#### Attenuation

Tap loss at 2150 MHz	5 dB
Tap loss at 860 MHz	4 dB

#### Materials

Material	metal
----------	-------

#### Installation, mounting

System	for single and distributor SAT systems, for community, DVB-T and broadband cable systems
--------	--

#### Connection

Type of connection	with plug-in terminals
--------------------	------------------------

#### Equipment

Supporting plate / Supporting ring	external eyelets on the supporting ring can be broken off for round designs
------------------------------------	---

#### Standards

General standards	EN 50083-2 and EN 60728-4
-------------------	---------------------------

#### Safety

Protective screen	according to EN 50083-2, Class A
Protection index IP	IP20
REACH conform	Yes
RoHS conform	Yes

#### Use conditions

Subject to technical modifications

---

Operating temperature

-25...55 °C

**Identification**

---

Application, usage

Communication technology

---

Main design line

Communication technology
