

glass polar white

75643130

KNX glass sensor 3g thermostat, display, intg bus coupl. ,KNX-TS sensor, p.wh.

Technical properties

With room temperature controller	Yes
Function	with valve protection function; for switch, push- button, dimmer, blind and thermostat functions
Operating mode	controller operating modes: comfort, standby, night and frost/heat protection mode
Controls and indicators	
With LED indication	Yes
Operation	operation by gently touching the sensor surfaces on the white LED
Indication / display	LED display with symbol display ; display of operating mode, controller lockout, room/outside temperature, time (clock required)
Button / push-button	with 2 additional display sensor surfaces
Connectivity	
Encoding	with button blocking function
Voltage	
	operation with non-choked output of KNX voltage supply possible (pay attention to current consumption) ; separate auxiliary power supply
Voltage	needed
Dimensions	
Depth	37.7 mm
Depth	5.7 mm
Dimensions (W x H x D)	86 x 160 x 5.7 mm
Height	160 mm
Width	86 mm
Power	
Current consumption	23 mA
Measurement	
Value transmitter	value transmitter for dimming, position, brightness and temperature values 1 and 2 byte
Screen	
With display	Yes
Materials	
Colour of labelling	105,105,105

Colour of design line

RAL colour	RAL 9010 - Pure white
Material family	Glass
LED control	
LED	with blue operation LED and 6 white status LEDs
Installation, mounting	
Installation mode	for vertical mounting
Connection Bus coupling unit	with integral bus coupling uni
Bus connection	bus connection via connecting termina
245 (01.11604101.	
Settings	
Parameterisation	single and two push-button operatior parameterisable ; end customer display scope parameterisable
Scope of delivery	
Bus connection included	Ye
Accessories included	
Adapters	with adapter ring for dismantling protection and shadow gap formation
Matching products	for glass frames in the same "style" for additiona applications, see the Design line B.7; for additiona products to complement the installation in matching colours/materials, refer to the Design platform S.1/B.3
Matching products Equipment With anti-theft/dismantling protection	applications, see the Design line B.7 ; for additional products to complement the installation in matching colours/materials, refer to the Design platform S.1/B.2
Equipment	applications, see the Design line B.7 ; for additional products to complement the installation in matching colours/materials, refer to the Design platform S.1/B.3
Equipment With anti-theft/dismantling protection	applications, see the Design line B.7; for additional products to complement the installation in matching colours/materials, refer to the Design platform S.1/B.2 Yes Laserdruck for heating and/or cooling mode with/withou
Equipment With anti-theft/dismantling protection Type of configuration	applications, see the Design line B.7; for additional products to complement the installation in matching colours/materials, refer to the Design platform S.1/B.: Ye. Laserdruct for heating and/or cooling mode with/withou auxiliary step for individual single room temperature control control parameter for heating / cooling unit pre-set
Equipment With anti-theft/dismantling protection Type of configuration Heating Control	applications, see the Design line B.7; for additional products to complement the installation in matching colours/materials, refer to the Design platform S.1/B.2 Yes Laserdruck for heating and/or cooling mode with/withou auxiliary step for individual single room temperature control control parameter for heating / cooling unit pre-set
Equipment With anti-theft/dismantling protection Type of configuration Heating Control Use	applications, see the Design line B.7; for additional products to complement the installation in matching colours/materials, refer to the Design platform S.1/B.2 Yes Laserdruck for heating and/or cooling mode with/withou auxiliary step for individual single room temperature control control parameter for heating / cooling unit pre-set for continuous (PI) or switched (2-point) control
Equipment With anti-theft/dismantling protection Type of configuration Heating	applications, see the Design line B.7; for additional products to complement the installation in matching colours/materials, refer to the Design platform S.1/B.2 Yes Laserdruck for heating and/or cooling mode with/withou auxiliary step for individual single room temperature control control parameter for heating / cooling unit pre-set for continuous (PI) or switched (2-point) control Display
Equipment With anti-theft/dismantling protection Type of configuration Heating Control Use Differentiation characteristic 2 - Sales	applications, see the Design line B.7; for additional products to complement the installation in matching colours/materials, refer to the Design platform S.1/B.2 Yes Laserdruck for heating and/or cooling mode with/withou auxiliary step for individual single room temperature control control parameter for heating / cooling unit pre-set for continuous (PI) or switched (2-point) control Display

Application, usage	KNX - operating systems
Main design line	KNX - Berker TS Sensor - configured
Secondary design line(s)	Berker TS Sensor ; KNX
Instructions	
nformation text	Only suitable for KNX.
