

80164780

Push-button 4g, lab. field, RGB LED, int. temp.sensor, KNX-S.1/B.3/B.7,f.wh.p.wh.

Technical properties

With room temperature controller	N
	operating concept "independent push-button function predefined; operating concept for "rolle shutter/blind" function predefined; switching of scenes (18) possible; Orientation LED can be controlled via object; brightness value of the statu LED for day/nighttime operation preset, status LEI for day/nighttime operation can be controlled via object; integrated temperature sensor with output of the measured values; Colour of status LEI uniformly adjustable for complete device; push button functions: including switching, dimming, rolle shutter/blind, timer, priority, temperature setpoin
Easy link functions	adjustment, operating mode changeove
Function	Function for manual interruption of automati functions already triggere
	operating surfaces as buttons (single-surface operation) and rockers (two-surface operation); the brightness of status LEDs are individually adjustable for button/ rocker function; brightness value of the status LEDs for day/nighttime operation adjustable via object or manually; value transmitter for dimming, position, brightness temperature values and 2 byte; button/rocker functions for switching dimming, roller shutter/blind, value transmitter 1/2 byte, room thermostat extension unit, priority scene, automatic control deactivation; integrate temperature sensor with output of the measurer values via object; button functions for switching dimming, roller shutter/blind, timer, values transmitter 1/2 byte, room thermostat extension unit, priority, scene, 2-channel mode, step switch automatic control deactivation; rocker functions for switching, dimming, roller shutter/blind, value transmitter 1/2 byte, room thermostat extension unit, priority, scene, 2-channel mode, automatic control deactivation; some termostat extension unit, priority, scene, 2-channel mode, automatic control deactivation; scen

Function

Compatibility

Extension unit extension unit for light scene push-button

control deactivation; parameter defineable lock function; 3-step switch, function for incremental selection of up to 7 stored values; Status LED

configurable in its colour per button

Controls and indicators

With LED indication	Yes
Number of buttons	4
Operation	operating areas configurable as one or two-area operation

Electric current

Bus current consumption (data transfer) max. 20 mA

Dimensions

Labelling field length (W x H)	52.3 x 24.9 mm
Height	55.3 mm
Width	55.8 mm
Power	
Power consumption, KNX	≈ 150 mV
Measurement	
Value transmitter	value transmitter for dimming, position, brightness and temperature values 1 and 2 byte
Screen	
With display	Ne
Materials	
Colour of design line	white/polar white
Colour independent of design lines	for white and polar white
Material for printing	Pape
Surface appearance	gloss
Type of surface treatment	untreate
Material family	Plasti
LED control	
LED	with white operating LED ; with 2 RGB status LED per rocke
Connection	
Bus coupling unit	for bus coupling unit flush-mounted
Settings	
	system, eas
Settings Supported configuration modes Parameterisation	single and two push-button operation
Supported configuration modes Parameterisation	single and two push-button operation
Supported configuration modes Parameterisation Scope of delivery	single and two push-button operation parameterisable
Supported configuration modes Parameterisation Scope of delivery Bus connection included	single and two push-button operation parameterisable
Supported configuration modes Parameterisation Scope of delivery Bus connection included Equipment	system, eas single and two push-button operation parameterisable
Supported configuration modes Parameterisation Scope of delivery Bus connection included Equipment Number of actuation points	single and two push-button operation parameterisable N
Supported configuration modes Parameterisation Scope of delivery Bus connection included Equipment Number of actuation points With anti-theft/dismantling protection	single and two push-button operation parameterisable N Ye
Supported configuration modes Parameterisation Scope of delivery Bus connection included Equipment Number of actuation points With anti-theft/dismantling protection Product type:	single and two push-button operatio parameterisabl N
Supported configuration modes Parameterisation Scope of delivery Bus connection included Equipment Number of actuation points With anti-theft/dismantling protection Product type: Use	single and two push-button operation parameterisable N Ye product type: push-button 4gan
Supported configuration modes Parameterisation Scope of delivery Bus connection included Equipment Number of actuation points With anti-theft/dismantling protection Product type: Use Differentiation characteristic 1 - Sales	single and two push-button operation parameterisable
Supported configuration modes Parameterisation Scope of delivery Bus connection included Equipment Number of actuation points With anti-theft/dismantling protection Product type: Use Differentiation characteristic 1 - Sales Differentiation characteristic 2 - Sales	single and two push-button operatio parameterisable N Ye product type: push-button 4gan with labelling field and RGB LEI
Supported configuration modes Parameterisation Scope of delivery Bus connection included Equipment Number of actuation points With anti-theft/dismantling protection Product type: Use Differentiation characteristic 1 - Sales Differentiation characteristic 2 - Sales Differentiation characteristic 3 - Sales	single and two push-button operation parameterisable N Ye product type: push-button 4gan with labelling field and RGB LEI
Supported configuration modes Parameterisation Scope of delivery Bus connection included Equipment Number of actuation points With anti-theft/dismantling protection Product type: Use Differentiation characteristic 1 - Sales Differentiation characteristic 2 - Sales Differentiation characteristic 3 - Sales Safety	single and two push-button operation parameterisable N Ye product type: push-button 4gan with labelling field and RGB LEI with integrated temperature senso
Supported configuration modes	single and two push-button operation parameterisable N Ye product type: push-button 4gan
Supported configuration modes Parameterisation Scope of delivery Bus connection included Equipment Number of actuation points With anti-theft/dismantling protection Product type: Use Differentiation characteristic 1 - Sales Differentiation characteristic 2 - Sales Differentiation characteristic 3 - Sales Safety REACH conform	single and two push-button operation parameterisable N Ye product type: push-button 4gan with labelling field and RGB LEI with integrated temperature senso

out!

Use conditions

Special note text

Operating temperature	-545 °C
Storage/transport temperature	-2070 °C (storage at $>$ 45°C reduces the service life)
Temperature	integrated temperature sensor with output of the measured values via object
Identification	
Application, usage	KNX - operating systems
Product family	product family: push-button
Main design line	KNX - Berker S.1/B.3/B.7
Secondary design line(s)	KNX ; Berker S.1 ; Berker B.3 ; Berker B.7
Instructions	
	Use only in conjunction with bus coupling unit 8004 00 01!; In the design lines S.1/B.x and K.x only to be used in combination with a frame with a large cut-
