

80960326

Cover f. 2gang f. push-button module, clearlenses, Q.x, ant. velvety, lacq.

**Technical properties** 

Functions

Easy link functions	operating concept "independent push-button" function predefined ; operating concept for "roller shutter/blind" function predefined ; switching of scenes (18) possible ; brightness value of the status LED for day/nighttime operation preset, change-over for day/nighttime operation possible ; integrated temperature sensor with output of the measured values ; Colour of status LED uniformly adjustable for complete device ; push-button functions: including switching, dimming, roller shutter/blind, timer, priority, operating mode changeover
Function	Function for manual interruption of automatic functions already triggered
Function	operating surfaces as buttons (single-surface operation) and rockers (two-surface operation) ; the brightness of status LEDs are individually adjustable for button/ rocker function ; brightness value of the status LEDs for day/nighttime operation adjustable via object or manually ; value transmitter for dimming, position, brightness temperature values 1 and 2 byte ; integrated temperature sensor with output of the measured values via object ; parameter defineable lock function ; button/rocker functions for switching, dimming, roller shutter/blind, value transmitter 1/2 byte, room thermostat extension unit, priority, scene, automatic control deactivation
Controls and indicators	
Operation	operating areas configurable as one or two-area operation
Button / push-button	with programming button and red programming LED
Voltage	
Operating voltage over bus	2132 V DC
Dimensions	
Height	58 mm
Power	
Power consumption, KNX	≈ 108 mW
Camera	
Lens	with 2 clear lenses for the RGB status display of the push-button module
Materials	
Colour of design line	anthracite
Material / workmanship	lacquered
Surface appearance	velvety

Subject to technical modifications

Bus coupling unit	with integral bus coupling unit
Bus connection	bus connection via connecting termina
Settings	
Supported configuration modes	system, easy
Equipment	
Buzzer/siren	with integrated buzzer for acoustic identification o the device within the system
Use	
Differentiation characteristic 2 - Sales	with clear lens
Safety	
REACH conform	Ye
RoHS conform	Yes
Halogen free	No
Protection	with dismantling protection
Use conditions	
Operating temperature	-545 °C
Storage/transport temperature	-2070 °C (storage at > 45°C reduces the service life)
Temperature	integrated temperature sensor with output of the measured values via object
Identification	
Application, usage	KNX - operating systems
Product family	product family: push-buttor
Main design line	KNX - Berker Q.1/Q.3
Secondary design line(s)	KNX ; Berker Q.1 ; Berker Q.3 ; Berker Q.7 ; Berker Q.5
