

Cover for 2gang for push-button module, clearlenses, S.1/B.3/B.7, white glossy

Technical properties

u			

Functions	
Easy link functions	operating concept "independent push-button" function predefined; operating concept for "roller shutter/blind" function predefined; switching of scenes (18) possible; brightness value of the status LED for day/nighttime operation preset, change-over for day/nighttime operation possible; integrated temperature sensor with output of the measured values; Colour of status LED uniformly adjustable for complete device; push-button functions: including switching, dimming, roller shutter/blind, timer, priority, operating mode changeover
Function	Function for manual interruption of automatic functions already triggered
Function Controls and indicators	operating surfaces as buttons (single-surface operation) and rockers (two-surface operation); the brightness of status LEDs are individually adjustable for button/ rocker function; brightness value of the status LEDs for day/nighttime operation adjustable via object or manually; value transmitter for dimming, position, brightness temperature values 1 and 2 byte; integrated temperature sensor with output of the measured values via object; parameter defineable lock function; button/rocker functions for switching, dimming, roller shutter/blind, value transmitter 1/2 byte, room thermostat extension unit, priority, scene, automatic control deactivation
Operation	operating areas configurable as one or two-area operation
Button / push-button	with programming button and red programming LED
Voltage	
Operating voltage over bus	2132 V DC
Dimensions	
Height	55 mm
Power	
Power consumption, KNX	≈ 108 mW
Camera	
Lens	with 2 clear lenses for the RGB status display of the push-button module
Materials	
Colour of design line	white
Surface appearance	glossy
Type of surface treatment	untreated

with integral bus coupling unit		
bus connection via connecting termina		
system, easy		
with integrated buzzer for acoustic identification of the device within the system		
with clear lenses		
Yes		
Yes		
No		
with dismantling protection		
-545 °C		
-2070 °C (storage at > 45°C reduces the service life)		
integrated temperature sensor with output of the measured values via object		
KNX - operating systems		
product family: push-button		
KNX - Berker S.1/B.3/B.7		
KNX ; Berker S.1 ; Berker B.3 ; Berker B.7
