## Earth leakage add-on block 2P 63A 500mA AC Class

## **Technical properties**

| Architecture                                 |             |
|--|-------------|
| Neutral position                             | left        |
| Number of poles                              | 2 P         |
| Configuration                                |             |
| Number of modules                            | 2           |
| Main electrical features                     |             |
| Rated operational voltage Ue                 | 230 / 400 V |
| Frequency                                    | 50 Hz       |
| Voltage                                      |             |
| Rated insulation voltage                     | 500 V       |
| Rated impulse withstand voltage              | 4000 V      |
| Electric current                             |             |
| Rated residual operating current             | 500 mA      |
| Rated current                                | 63 A        |
| Dimensions                                   |             |
| Depth of installed product                   | 8.3 cm      |
| Height of installed product                  | 7 cm        |
| Width of installed product                   | 3.5 cm      |
| Frequency                                    |             |
| Frequency                                    | 50 Hz       |
| Tripping                                     |             |
| Protected against nuisance tripping          | No          |
| Short-time delayed tripping                  | No          |
| Endurance                                    |             |
| Electric endurance in number of cycles       | 2000        |
| Number of mechanical operations              | 1000        |
| Installation, mounting                       |             |
| Tightening torque                            | 2,8Nm       |
| Type of top rail clip for modular devices    | Plastic     |
| Type of bottom rail clip for modular devices | NA          |
| Top removability for modular devices         | Yes         |

Bottom removability for modular devices

| Connection                                |         |
|---|---------|
| Connection cross-sect. flexible conductor | 16mm²   |
| Connection cross-sect. rigid cable        | 25mm²   |
| Settings                                  |         |
| Rated fault current adjustable            | No      |
| Delay adjustable                          | No      |
| Time delay of residual current            | 0 s     |
| Safety                                    |         |
| Residual current type                     | AC      |
| Use conditions                            |         |
| Operating temperature                     | -540 °C |
| Altitude                                  | 2000 m  |
| nititue                                   | 2000    |

Execution I

Air humidity protection
