

EE808

## IP30

### Remote control for customer for presence detectors 360° monobloc

#### Technical properties

##### Architecture

Number of keys 6

##### Configuration

Module télécommande

##### Compatibility

Sensors associated EE81x, TCC52x

##### Controls and indicators

Button / push-button with green "on" and red "off" button (on/off, dimmer function) ; with 4 function buttons (calling up/saving light scene)

##### Dimensions

Dimensions (LLxwxhh) 70x10x120

##### Reach distance

Max. transmission range 3 m

##### Battery

Battery service life [years] ≈ 3.5

Number and type of replacement batteries 1x 3V CR2032

##### Detection

IR RC6 code

##### LED control

LED additional acknowledgement LED for displaying the IR transmission

##### Accessories included

Accessory type Manual transmitter for movement sensor

##### Safety

REACH conform No

RoHS conform Yes

Halogen free No

##### Instructions

Special application information also for KNX applications - KNX IR presence detector

Information text Scope of functions dependent on the controlled presence detector.
