

EE808

IP30

Remote control for customer for presence detectors 360° monobloc

Technical properties

Architecture

Number of keys 6

Compatibility

Sensors associated EE81x, TCC52x

Controls and indicators

Button / push-button with green "on" and red "off" button (on/off, dimmer function) ; with 4 function buttons (calling up/saving light scene)

Dimensions

Dimensions (LLxwxh) 70x10x120

Reach distance

Max. transmission range 3 m

Battery

Battery service life [years] ≈ 3.5

Number and type of replacement batteries 1x 3V CR2032

Detection

IR RC6 code

LED control

LED additional acknowledgement LED for displaying the IR transmission

Accessories included

Accessory type Manual transmitter for movement sensor

Safety

REACH conform No

RoHS conform Yes

Halogen free No

Instructions

Special application information also for KNX applications - KNX IR presence detector

Information text Scope of functions dependent on the controlled presence detector.
