

EK087

Temperature probe for TX320 tebis

Technical properties

Compatibility

Compatible with TF018

Resistance

Characteristic resistance value at 25 °C 100 kΩ

Connection

Sensor cable length 4 m

Cable

Line length ≈ 10 m

Length of the connecting cable 4 m

Equipment

Probe type sensor for heating floor

Safety

Protection index IP IP54

REACH conform Yes

RoHS conform Yes

Use conditions

Operating temperature -30...90 °C
