

L5067

Rivet for clamping strength hole 6mm halogenfree made of POM 3-8mm light grey

Technical properties

Compatibility	
Product compatibility	Ba6, DNG, LKG,HNG,VK-flex
Dimensions	
Drilled hole diameter	6 mm
Materials	
Material group	plastic
Material quality	Other
Type of surface treatment	untreated
Standards	
European directive RoHs	voluntary compliance
Safety	
REACH conform	Yes
RoHS conform	Yes
