

L6532ELN

Endcap for BRAP 68x100mm of aluminium natural anodized

Technical properties

Architecture

Fixing mode	Screwed
-------------	---------

Configuration

Antibacterial treatment	No
-------------------------	----

Connectivity

Trunking coupling	without coupler
-------------------	-----------------

Dimensions

Trunking height	65 mm
-----------------	-------

Trunking width	100 mm
----------------	--------

Materials

Colour	aluminium
--------	-----------

Material	Aluminium
----------	-----------

Material group	aluminium
----------------	-----------

Standards

European directive RoHs	voluntary compliance
-------------------------	----------------------

Safety

REACH conform	No
---------------	----

RoHS conform	Yes
--------------	-----

Halogen free	Yes
--------------	-----

Use conditions

Operating temperature	-30...90 °C
-----------------------	-------------
