

## SPD 2P pluggable 15kA class 2 with end of life indicator

## **Technical properties**

| Architecture                                                       |                       |
|--------------------------------------------------------------------|-----------------------|
| Type of pole                                                       | 1P+N                  |
| Configuration                                                      |                       |
| Number of modules                                                  | 2                     |
| Controls and indicators                                            |                       |
| Indicator lamp                                                     | end of life indicator |
| Main electrical features                                           |                       |
| Rated operational voltage Ue                                       | 230 V                 |
| Frequency                                                          | 50/60 Hz              |
| Nominal discharge current (In) 8/20μs, IEC<br>61643)L-N(PEN)/ N-PE | 5 kA                  |
| Voltage                                                            |                       |
| Maximum continuous operating voltage Uc                            | 275 V                 |
| Voltage protection level Up according to IEC61643-1                | 1 kV                  |
| Electric current                                                   |                       |
| Max discharge (Imax) L-N(PEN)/ N-PE                                | 15 kA                 |
| Dimensions                                                         |                       |
| Width of installed product                                         | 36 mm                 |
| Power                                                              |                       |
| Total power loss under IN                                          | 0 W                   |
| Installation, mounting                                             |                       |
| Tightening torque                                                  | 3,6Nm                 |
| Connection                                                         |                       |
| Connection cross-sect. flexible conductor                          | 25mm²                 |
| Connection cross-sect. rigid cable                                 | 35mm²                 |
| Standards                                                          |                       |
| Test class IEC61643-11 / VDE0675-6-11                              | T2                    |
| European directive WEEE                                            | not concerned         |
| Safety                                                             |                       |
| REACH conform                                                      | Yes                   |
| RoHS conform                                                       | Yes                   |

Halogen free Yes

## **Use conditions**

| Operating temperature         | -4060 °C |
|-------------------------------|----------|
| Storage/transport temperature | -4080 °C |
