

TG600AL

### Stand alone smoke detector 10 years autonomy

#### Technical properties

##### Functions

Operating type	Stand alone
Built-in sounder	Yes, 85 dB at 3 m
Smoke switcher	No

##### Connectivity

Networkable	No
-------------	----

##### Dimensions

Dimensions (LLxwxhh)	97x37
----------------------	-------

##### Network voltage

With voltage indication	No
-------------------------	----

##### Measurement

Detection Range	50 m <sup>2</sup>
-----------------	-------------------

##### Battery

life of battery	10 years non-replaceable lithium battery
Weak battery warning	Yes

##### Power supply

Supply Voltage	Lithium battery 3V
----------------	--------------------

##### Scope of delivery

Rechargeable battery backup included	No
--------------------------------------	----

##### Equipment

Sounder volume	85 dB
----------------	-------

##### Standards

Number of homologation to standard EC	1772-CPR-140365
Q-Label certification	No

##### Use conditions

Operating temperature	-10...65 °C
-----------------------	-------------
