

TX450A

Room controller Tebis white

Technical properties

Architecture

Fixing mode	flush-mounting
-------------	----------------

Voltage

System supply voltage	30V DC via bus
-----------------------	----------------

Dimensions

Depth of installed product	15 mm
Dimensions (LLxwwxhh)	80,5 x 80,5 x 15,4 mm

Screen

Display	with retro-lighting
---------	---------------------

Materials

Colour	pure white
RAL colour	RAL 9010 - Pure white

Installation, mounting

Mounting type	surface-mounted
---------------	-----------------

Accessories included

BCU	inclusive
-----	-----------

Equipment

With anti-theft/dismantling protection	No
----------------------------------------	----

Safety

Protection index IP	IP20
---------------------	------

Use conditions

Operating temperature	0...45 °C
-----------------------	-----------
