

TXC518

Motion detector highbay KNX 360° surface mounted detection height 8m

Technical properties

Architecture

Bus system	KNX
------------	-----

Functions

Max. temporisation	480 mn
--------------------	--------

Measurement

Detection Method	movement detector
------------------	-------------------

Detection

Detection angle	360 °
-----------------	-------

Frontal detecting distance	7 m
----------------------------	-----

Side detecting distance	11 m
-------------------------	------

Materials

RAL colour	RAL 9010 - Pure white
------------	-----------------------

Material	plastic
----------	---------

Type of surface treatment	untreated
---------------------------	-----------

Incandescent bulbs control

Max. power with incandescent lamps	0 W
------------------------------------	-----

Installation, mounting

Maximum Mounting Height	8 m
-------------------------	-----

Settings

Min. temporisation	5 s
--------------------	-----

Equipment

Substation input	No
------------------	----

Number of channels	5
--------------------	---

Bidirectional radio frequency	No
-------------------------------	----

Angle of horizontal detection	360 °
-------------------------------	-------

Safety

REACH conform	No
---------------	----

RoHS conform	Yes
--------------	-----

Halogen free	No
--------------	----
