

VZ016M

Cable gland, vector, IP65, M16, plastic

Technical properties

Dimensions

Screw head size in mm	20 mm
thread length	8 mm

Materials

Colour	light grey
Material quality	thermoplastic
Type of surface treatment	untreated

Connection

Clamping range	5-10 mm
----------------	---------

Cable

Cable Ø	5...10 mm
---------	-----------

Equipment

Screened	No
----------	----

Standards

European directive WEEE	not concerned
-------------------------	---------------

Safety

REACH conform	Yes
RoHS conform	Yes

Use conditions

Operating temperature	-20...100 °C
-----------------------	--------------
