

VZ020M

Cable gland, vector, IP65, M20, plastic

Technical properties

Dimensions

Screw head size in mm	24 mm
thread length	8 mm

Materials

Colour	light grey
Material quality	thermoplastic
Type of surface treatment	untreated

Connection

Clamping range	8-13 mm
----------------	---------

Cable

Cable Ø	8...13 mm
---------	-----------

Standards

European directive WEEE	not concerned
-------------------------	---------------

Safety

REACH conform	Yes
RoHS conform	Yes

Use conditions

Operating temperature	-20...100 °C
-----------------------	--------------
