

VZ020M

**Cable gland, vector, IP65, M20, plastic**

**Technical properties**

**Dimensions**

|                       |       |
|-----------------------|-------|
| Screw head size in mm | 24 mm |
| thread length         | 8 mm  |

**Materials**

|                           |               |
|---------------------------|---------------|
| Colour                    | light grey    |
| Material quality          | thermoplastic |
| Type of surface treatment | untreated     |

**Connection**

|                |         |
|----------------|---------|
| Clamping range | 8-13 mm |
|----------------|---------|

**Cable**

|         |           |
|---------|-----------|
| Cable Ø | 8...13 mm |
|---------|-----------|

**Standards**

|                         |               |
|-------------------------|---------------|
| European directive WEEE | not concerned |
|-------------------------|---------------|

**Safety**

|               |     |
|---------------|-----|
| REACH conform | Yes |
| RoHS conform  | Yes |

**Use conditions**

|                       |              |
|-----------------------|--------------|
| Operating temperature | -20...100 °C |
|-----------------------|--------------|
