**Cen.plate lock+push lock funct. f.switch f.blinds,key can be rmvd,K5,steel**

#### Technical characteristics

##### Materials

|                        |                             |
|------------------------|-----------------------------|
| Colour of design line  | Stainless steel             |
| Colour                 | stainless steel             |
| Colour                 | stainless steel optics      |
| RAL colour             | RAL 9022 - Pearl light grey |
| Material / workmanship | metal, matt finish          |
| Material               | stainless steel             |
| Surface appearance     | matt                        |

##### Installation, mounting

|                   |                     |
|-------------------|---------------------|
| Installation mode | for screw fastening |
|-------------------|---------------------|

##### Use cases

|             |               |
|-------------|---------------|
| Application | Blind control |
|-------------|---------------|

##### Use

|                                          |                                  |
|------------------------------------------|----------------------------------|
| Differentiation characteristic 3 - Sales | Key can be removed in 0 position |
|------------------------------------------|----------------------------------|

##### Safety

|     |             |
|-----|-------------|
| Key | with 2 keys |
|-----|-------------|

##### Identification

|                    |               |
|--------------------|---------------|
| Application, usage | Blind control |
| Main design line   | Berker K.5    |

##### Instructions

|                   |                                                                      |
|-------------------|----------------------------------------------------------------------|
| Special note text | When ordering several articles those do all have identical lockings. |
|-------------------|----------------------------------------------------------------------|
