

160002

Neon lamp unit for switches/push-buttons, light control, grey

Technical characteristics

Controls and indicators

Rocker switch/rocker push-button for on/off switch, 2-pole, 16 AX

Main electrical features

Rated current 0.9 mA

Materials

Colour independent of design lines Grey

Equipment

Lighting for lighting and monitoring circuit

Combination rocker switches/rocker push-buttons for rockers switches double change-over ; for rockers push-buttons double change-over

Use cases

Application Light control

Safety

REACH conform Yes

RoHS conform Yes

Identification

Application, usage Light control

Main design line Light control

Secondary design line(s) Light control ; ACCESSORIES

Instructions

Special note text Refer to the overview for the matching flush-mounted inserts.

Information text When several neon lamp units are used, the lamp current may result in malfunctioning of the relay/pulse relay. Remedy: Switch a capacitor 230 V (1 μ F per 10 mA neon lamp current) in parallel with the coil.
