

167901

LED lamp E14, light control, red

Technical characteristics

Main electrical features

Rated current	4.2 mA
---------------	--------

Endurance

Service life ¹ of LED white/coloured	≈ 50000 h
---	-----------

Materials

Colour independent of design lines	red
------------------------------------	-----

LED control

LED	very long LED service life
-----	----------------------------

Use cases

Application	Light control
-------------	---------------

Use conditions

Operating temperature	-40...70 °C
-----------------------	-------------

Identification

Application, usage	Light control
--------------------	---------------

Main design line	Light control
------------------	---------------

Secondary design line(s)	Module inserts, ACCESSORIES
--------------------------	-----------------------------
