## Handsender für B. IQ IR Tastsensor 3 Kanal x 8 Tasten

**Technical characteristics** 

Suitable for indication element	
Controls and indicators	
Button / push-button	with 3 channel group buttons A, B, C ; with 8 chann buttons (on/off; dimme
Hand remote controel	Y
Window transmitter	1
Connectivity	
Encoding	with child lo
Transmission mode	Infrare
Dimensions	
Length	192 m
Height	55 m
Width	192 m
Length	
Maximum connection distance between receiver and transmitter	10
Reach distance	
IR range	≈ 10
Battery	
Battery service life [years]	*
Detection	
IR	RC5 co
Materials	
Colour independent of design lines	anthraci
LED control	
LED	with 3 channel group LEDs (also transmission a battery status LED
Equipment	
Number of IR channels	
Number of channels	

Application, usage

Main design line

KNX - operating systems

B.IQ
