Product data sheet 3315406086

3315406086

VGA soc. out., Q.x, ant. velvety, lacq.

Technical characteristics

Outlet	with straight outlet
Plug type	S-VGA compatible
Connectors / jacks	with 15pole D-subminiature jack (front)
Dimensions	
Insertion depth	12 mm
Frequency	
Frequency range video	max. 160 MHz
Screen	
Resolution	max. 1280 x 1024 px
Materials	
Colour of design line	anthracite
Material / workmanship	lacquered
Surface appearance Installation, mounting	velvety
Installation mode	without spreader claws ; for screw fastening
Installation mode Connection	without spreader claws ; for screw fastening
	without spreader claws ; for screw fastening with backside jack for connecting to pre-assembled VGA cable
Connection	with backside jack for connecting to pre-assembled VGA cable
Connection Type of connection	with backside jack for connecting to pre-assembled VGA cable
Connection Type of connection Connection	with backside jack for connecting to pre-assembled VGA cable with 15pole D-subminiature double jack
Connection Type of connection Connection Equipment Supporting plate / Supporting ring	with backside jack for connecting to pre-assembled VGA cable with 15pole D-subminiature double jack
Connection Type of connection Connection Equipment Supporting plate / Supporting ring Safety	with backside jack for connecting to pre-assembled VGA cable with 15pole D-subminiature double jack with supporting ring
Connection Type of connection Connection Equipment	with backside jack for connecting to pre-assembled VGA cable with 15pole D-subminiature double jack with supporting ring
Connection Type of connection Connection Equipment Supporting plate / Supporting ring Safety REACH conform	with backside jack for connecting to pre-assembled VGA cable with 15pole D-subminiature double jack with supporting ring
Connection Type of connection Connection Equipment Supporting plate / Supporting ring Safety REACH conform RoHS conform	with backside jack for connecting to pre-assembled

Instructions

For connecting PCs, notebooks, etc. to display devices such as monitors (including LCD monitors) and projectors. ; Observe the instructions of the cable and device manufacturers for maximum VGA cable lengths! ; Fränkische: "Multimedia tube" for laying pre-assembled connection cable, Art. no. 294.10.092 ; Installation recommendation: Kaiser: "Electronic box" for compliance with the permissible bending radii, Art. No. 1068-02 or 9062-74
