Product data sheet 3315407009

3315407009

VGA soc. out., K.1, p. white glossy

Technical characteristics

| Outlet | with straight outlet |
|--|---|
| Plug type | S-VGA compatible |
| Connectors / jacks | with 15pole D-subminiature jack (front) |
| Dimensions | |
| Insertion depth | 12 mm |
| Frequency | |
| Frequency range video | max. 160 MHz |
| Screen | |
| Resolution | max. 1280 x 1024 px |
| Materials | |
| Colour of design line | polar white |
| RAL colour | RAL 9010 - Pure white |
| | glossy |
| | |
| Surface appearance Installation, mounting Installation mode Connection | |
| Installation, mounting Installation mode Connection | without spreader claws ; for screw fastening with backside jack for connecting to pre-assembled |
| Installation, mounting | without spreader claws ; for screw fastening with backside jack for connecting to pre-assembled VGA cable |
| Installation, mounting Installation mode Connection Type of connection | without spreader claws ; for screw fastening with backside jack for connecting to pre-assembled VGA cable |
| Installation, mounting Installation mode Connection Type of connection Connection | without spreader claws ; for screw fastening with backside jack for connecting to pre-assembled VGA cable with 15pole D-subminiature double jack |
| Installation, mounting Installation mode Connection Type of connection Connection Equipment | without spreader claws ; for screw fastening with backside jack for connecting to pre-assembled VGA cable with 15pole D-subminiature double jack |
| Installation, mounting Installation mode Connection Type of connection Connection Equipment Supporting plate / Supporting ring | without spreader claws ; for screw fastening with backside jack for connecting to pre-assembled VGA cable with 15pole D-subminiature double jack with supporting ring |
| Installation, mounting Installation mode Connection Type of connection Connection Equipment Supporting plate / Supporting ring Safety | without spreader claws ; for screw fastening with backside jack for connecting to pre-assembled VGA cable with 15pole D-subminiature double jack with supporting ring |
| Installation, mounting Installation mode Connection Type of connection Connection Equipment Supporting plate / Supporting ring Safety REACH conform | without spreader claws ; for screw fastening with backside jack for connecting to pre-assembled VGA cable with 15pole D-subminiature double jack with supporting ring |
| Installation, mounting Installation mode Connection Type of connection Connection Equipment Supporting plate / Supporting ring Safety REACH conform RoHS conform | glossy without spreader claws ; for screw fastening with backside jack for connecting to pre-assembled VGA cable with 15pole D-subminiature double jack with supporting ring Yes Yes |

Instructions

For connecting PCs, notebooks, etc. to display devices such as monitors (including LCD monitors) and projectors. ; Observe the instructions of the cable and device manufacturers for maximum VGA cable lengths! ; Fränkische: "Multimedia tube" for laying pre-assembled connection cable, Art. no. 294.10.092 ; Installation recommendation: Kaiser: "Electronic box" for compliance with the permissible bending radii, Art. No. 1068-02 or 9062-74
