

SCHUKO soc.out.,mounting orient. var. in 45°step,screw-in lift ,1930/glass,bl.

## **Technical characteristics**

Design	according to DIN 49440
Configuration	
Number of modules	]
Main electrical features	
Nominal voltage	250 \
Rated voltage	250 V A0
Frequency	50/60 Hz
Rated current	16 A
Electric current	
Rated current	16 A
Dimensions	
Insertion depth	32 mr
Installation depth, flush-mounted boxes	31 mm
Cover, door	
Cover	Central cover plate
Cover Materials	Central cover plate
Materials	black
<b>Materials</b> Colour of design line	black
Materials Colour of design line Surface appearance	black
Materials Colour of design line Surface appearance Metallic colour	black glossy No
Materials Colour of design line Surface appearance Metallic colour Installation, mounting	black glossy No
Materials Colour of design line Surface appearance Metallic colour Installation, mounting Installation mode	black glossy No with spreader claws
Materials Colour of design line Surface appearance Metallic colour Installation, mounting Installation mode	black glossy No with spreader claws according to IEC 60884-1
Materials Colour of design line Surface appearance Metallic colour Installation, mounting Installation mode Connection Connection terminals	black glossy No with spreader claws according to IEC 60884-1 according to VDE 0620-1
Materials Colour of design line Surface appearance Metallic colour Installation, mounting Installation mode Connection Connection terminals Connection terminals	black glossy No with spreader claws according to IEC 60884-1 according to VDE 0620-1
Materials Colour of design line Surface appearance Metallic colour Installation, mounting Installation mode Connection Connection terminals Connection terminals Type of connection	black glossy No with spreader claws according to IEC 60884-1 according to VDE 0620-1 with screw-in lift terminals
Materials Colour of design line Surface appearance Metallic colour Installation, mounting Installation mode Connection Connection terminals Connection terminals Type of connection Use	Central cover plate black glossy No with spreader claws according to IEC 60884-1 according to VDE 0620-1 with screw-in lift terminals Installation position variable in 45° steps with screw-in lift terminals
Materials Colour of design line Surface appearance Metallic colour Installation, mounting Installation mode Connection Connection terminals Connection terminals Type of connection Use Differentiation characteristic 2 - Sales	black glossy No with spreader claws according to IEC 60884-1 according to VDE 0620-1 with screw-in lift terminals Installation position variable in 45° steps

Subject to technical modifications

REACH conform	Yes
RoHS conform	Yes
Halogen free	Yes
Protection	without enhanced contact protection
With enhanced contact protection	No
Identification	

d	e	nt	ifi	ca	tio	on
