52009909

Emergency call set frame, S.1, p. white, matt, plastic

Technical characteristics

Functions

Function	Switch-off of emergency call using shut-off push-button at emergency location ; Acoustic and visual signalling of an emergency call using pilot lamp after the pullcord push-button has been actuated ; Power supply via power supply unit with 24 V DC

Materials

Colour of design line	polar white
Colour	white
RAL colour	RAL 9010 - Pure white
Surface appearance	matt

Installation, mounting

For installation in standard wall boxes	according to DIN 49073-1
Installation mode	centre plates for plug-in fixing

Connection

Type of connection	with screw terminals

Equipment

Emergency call system	according to DIN VDE 0834
Buzzer/siren	call tone can be set as continuous signal or as pulses ; acoustic call tone switchable on pilot lamp

Use cases

Application	Hospital application

Safety

REACH conform	Yes
RoHS conform	Yes
Protection	monitoring of devices triggering calls for wire break

Use conditions

Operating temperature	-5...40 °C

Identification

Main design line	Berker S.1
