

75940483

Central plate for sensor insert, KNX, al., matt, lacq.

Technical characteristics

Detection

Sensor e.g. for temperature sensor PT100

Materials

Colour independent of design lines aluminium

Material / workmanship lacquered

Installation, mounting

Opening with slots for air circulation

Installation mode clamp fastening

Safety

REACH conform Yes

RoHS conform Yes

Halogen free No

Identification

Application, usage KNX - sensors ; HVAC control

Main design line Central plate system

Secondary design line(s) Central plate system ; Berker S.1 ; Berker B.3 ;
Berker B.7 ; Berker K.1
