

75940485

Central plate for sensor insert, KNX, ant., matt

Technical characteristics

Detection

Sensor e.g. for temperature sensor PT100

Materials

Colour of design line anthracite

Installation, mounting

Opening with slots for air circulation

Installation mode clamp fastening

Safety

REACH conform Yes

RoHS conform Yes

Halogen free No

Identification

Application, usage KNX - sensors ; HVAC control

Main design line Central plate system

Secondary design line(s) Central plate system ; Berker S.1 ; Berker B.3 ;
Berker B.7 ; Berker K.1

Instructions

Information text Not suitable for rocker push-button switches.
