

80960279

Cover for 1gang for push-button module, clearlens, K.1, p. white glossy

Technical characteristics

		io	

Functions	
Easy link functions	operating concept "independent push-button" function predefined; operating concept for "roller shutter/blind" function predefined; switching of scenes (18) possible; brightness value of the status LED for day/nighttime operation preset, change-over for day/nighttime operation possible; integrated temperature sensor with output of the measured values; Colour of status LED uniformly adjustable for complete device; push-button functions: including switching, dimming, roller shutter/blind, timer, priority, operating mode changeover
Easy link functions	Function for manual interruption of automatic
Function	functions already triggered
Function	operating surfaces as buttons (single-surface operation) and rockers (two-surface operation); the brightness of status LEDs are individually adjustable for button/ rocker function; brightness value of the status LEDs for day/nighttime operation adjustable via object or manually; value transmitter for dimming, position, brightness temperature values 1 and 2 byte; integrated temperature sensor with output of the measured values via object; parameter defineable lock function; button/rocker functions for switching, dimming, roller shutter/blind, value transmitter 1/2 byte, room thermostatextension unit, priority, scene, automatic control deactivation
Controls and indicators	operating areas configurable as one or two-area
Operation	operation
Button / push-button	with programming button and red programming LED
Voltage	
Operating voltage over bus	2132 V DC
Dimensions	
Height	55 mm
Power	
Power consumption, KNX	≈ 108 mW
Camera	
Lens	with clear lens for RGB status display of the push- button module
Materials	
Colour of design line	polar white
RAL colour	RAL 9010 - Pure white

C	on	ne	ec	tic	or

Bus coupling unit	with integral bus coupling ur		
Bus connection	bus connection via connecting terminal		

Settings

Supported configuration modes system, easy

Equipment

	with integrated buzzer for acoustic identification of
Buzzer/siren	the device within the system

Use

Differentiation characteristic 2 - Sales with clear lens

Safety

REACH conform	Yes
RoHS conform	Yes
Halogen free	No
Protection	with dismantling protection

Use conditions

Operating temperature	-545 °C
Storage/transport temperature	-2070 °C (storage at > 45°C reduces the service life)
Temperature	integrated temperature sensor with output of the measured values via object

Identification

Application, usage	KNX - operating systems
Product family	product family: push-button
Main design line	KNX - Berker K.1/K.5
Secondary design line(s)	KNX ; Berker K.1 ; Berker K.5
