

85345177

KNX radio motion det. comf 1.1 m quicklink, K.5, al., matt, lacq.

## **Technical characteristics**

|  | CT |  |  |
|--|----|--|--|
|  |    |  |  |

| Functions                           |  |  |  |
|-------------------------------------|--|--|--|
| Mode of operation                   | $\mu\text{-processor}$ controlled mode of operation  |  |  |
| ETS additional functions            | ETS additional functions: +6 scenes, operating mode on/off, push-button, status display, dimming value brightness display, movement scene loading, no movement scene loading   |  |  |
| Function                            | reset function (to factory setting); Party function for<br>switching on for 2 hours; with memory function for<br>presence simulation; with keylock; Switch-off pre-<br>warning on dimmer inserts; Teach function for<br>response brightness via button |  |  |
| Light scenes                        | scene opening via KNX radio appliances ; scene<br>saving lockable  |  |  |
| Quicklink functions                 | quicklink functions: switching, dimming, 2 scenes,<br>time switching, NO contact push-button, Memory,<br>forced control, Master-Slave  |  |  |
| Compatibility                       |  |  |  |
| Extension unit                      | optional operation of extension units using installation push-button   |  |  |
| Controls and indicators             |  |  |  |
| Operation                           | remote control via quicklink transmitter   |  |  |
| Button / push-button                | with configuration and function button ; with button for on/off/automatic/memory/party function  |  |  |
| Connectivity                        |  |  |  |
| Radio protocol                      | KNX Radio  |  |  |
| Receiver category                   | 2  |  |  |
| Dimensions                          |  |  |  |
| Assembling height                   | 34 mm  |  |  |
| Nominal mounting height             | 1.1 m  |  |  |
| Frequency                           |  |  |  |
| Radio transmission frequency        | 868.3 MHz  |  |  |
| Power                               |  |  |  |
| Radio transmission power            | < 10 mW  |  |  |
| Measurement                         |  |  |  |
| Detection field, rectangular shaped | ≈ 12 x 16 m  |  |  |
| Reach distance                      |  |  |  |
| Range, frontal                      | ≈ 12 m   |  |  |
| Range, side                         | each ≈ 8 m   |  |  |

| Detection                                       |  |  |
|---|--|--|
| Number of detection levels                      | 2  |  |
| Detection angle, settable                       | each side ≈ 4590   |  |
| Materials                                       |  |  |
| Colour of design line                           | aluminium  |  |
| Material / workmanship                          | lacquered  |  |
| Surface appearance                              | mat  |  |
| Lighting control                                |  |  |
| Response brightness, adjustable                 | $\approx 51000 \text{ lx}$ , daytime operation   |  |
| LED control                                     |  |  |
|   | LED application module/insert compatibility display                                    |  |
| LED   | with configuration and function LEDs ; with operation and status LED, red/green/orange |  |
| Connection                                      |  |  |
| Bus connection                                  | integration in the KNX radio/TP gateway, surface<br>mounted, into the KNX TP syster    |  |
| Settings  |  |  |
| Response sensitivity, settable                  | 10100 %  |  |
| Delay time, adjustable                          | ≈ 1 s3 h   |  |
| Switch-off pre-warning to dimming value 50% for | 30 :   |  |
| Equipment                                       |  |  |
| Number of radio channels                        |  |  |
| Number of quicklink links                       | max. 20 transmitter/receive  |  |
| Transmitter duty cycle                          | 1 %  |  |
| Safety  |  |  |
| REACH conform                                   | No   |  |
| RoHS conform                                    | Yes  |  |
| Halogen free                                    | No   |  |
| Protection                                      | with dismantling protection  |  |
| Use conditions                                  |  |  |
| Operating temperature                           | -545 °C  |  |
| Energy-saving                                   | low intrinsic energy requiremen  |  |
| Relative humidity (without condensation)        | 065 % (without condensation  |  |
| Identification                                  |  |  |
| Application, usage                              | Motion detector ; KNX radio- sensor  |  |
| Main design line                                | Berker K.5   |  |
|   | Motion detector; Berker.Net; Berker K.5  |  |
| Secondary design line(s)                        | Process decector, Berker Mee, Berker Me  |  |
| Secondary design line(s)  Instructions          | riodon decetor, perkernier, perkernie  |  |
