

BRAP0802ELN

Alu-trunking lid 80, anodised

Technical characteristics

Configuration

Antibacterial treatment	No
Tamperproof fixing	No

Compatibility

Product compatibility	BRAP
-----------------------	------

Connectivity

Trunking coupling	without coupler
-------------------	-----------------

Dimensions

Length	2000 mm
--------	---------

Cover, door

Lid mounting	Internal
Lid with softlip	No
Lid width	80 mm
Cover attachment	Snapped on

Materials

Material group	aluminium
----------------	-----------

Standards

European directive RoHs	voluntary compliance
-------------------------	----------------------

Safety

REACH conform	Yes
RoHS conform	Yes
Halogen free	Yes

Use conditions

Operating temperature	-5...90 °C
-----------------------	------------
