

EG005

IP20

Programming key for time switches

Technical characteristics

Dimensions

Dimensions (LLxwxhh)	10 x 20 x 30 mm
----------------------	-----------------

Materials

Colour independent of design lines	Grey
------------------------------------	------

Safety

Protection index IP	IP20
---------------------	------

Use conditions

Operating temperature	-5...45 °C
-----------------------	------------

Storage/transport temperature	-20...70 °C
-------------------------------	-------------
