

RED311X

Output coupler Audio RMD 2-wires DIN

Technical characteristics

Architecture

Fixing mode DIN rail type O (symmetrical)

Functions

Function extending

System functions decoupling of an i2BUS audio bus cable

Dimensions

Width of rail mounted device (RMD) 1 modules

Attenuation

Transmission loss 0 dB

Installation, mounting

Installation mode Rail mounted unit (RMD)

Cable

Conductor Ø 0.5...0.8 mm

Use

System technology i2 Audio

Video distribution bus cable 1x incoming in 1x outgoing, 1x audio branching off ; unwired terminals must be completed with terminator

Software

Software version V1000

Use conditions

Operating temperature 5...40 °C

Storage/transport temperature -20...60 °C

Relative humidity (without condensation) 0...65 %
