# Output coupler Audio RMD 2-wires DIN

# **Technical characteristics**

Functions	
Function	extending

System functions decoupli	ng of	f an	i2BUS	audio	bus	cab	le
---------------------------	-------	------	-------	-------	-----	-----	----

# **Dimensions**

odules
C

#### **Attenuation**

Transmission loss 0 dB

### Installation, mounting

Installation mode Rail mounted unit (RMD)

#### Connection

	2-wire, for video door stations; 2-wire, for video
Bus connection	indoor stations; i2BUS audio, for audio components

#### Cable

Conductor Ø 0.5...0.8 mm

# Use

System technology	i2 Audio
-------------------	----------

bus cable 1x incoming in 1x outgoing, 1x audio branching off ; unwired terminals must be completed Video distribution with terminator

# Software

Software version V1000

# Safety

REACH conform	Yes
RoHS conform	Yes
Halogen free	No

### **Use conditions**

Identification

Operating temperature	540 °C
Storage/transport temperature	-2060 °C

Relative humidity (without condensation)

Main design line	T electronics
