

RED612X

IP20

Distributor/branch 2 ways RMD 2-wires

Technical characteristics

Functions

Function	distributing
System functions	distribution of single lines

Dimensions

Width of rail mounted device (RMD)	1 modules
------------------------------------	-----------

Attenuation

Distribution attenuation	3 dB
--------------------------	------

Installation, mounting

Mounting type	din-Rail
Installation mode	Rail mounted unit (RMD)

Connection

Bus connection	2-wire, for video door stations ; 2-wire, for video indoor stations
----------------	---

Cable

Conductor Ø	0.5...0.8 mm
-------------	--------------

Use

System technology	2-wire
Video distribution	for distributing the incoming bus cable to the outgoing one ; for coupling the incoming bus cables to the outgoing ones ; unwired terminals must be completed with terminator

Software

Software version	V1000
------------------	-------

Safety

REACH conform	Yes
RoHS conform	Yes
Halogen free	No

Use conditions

Operating temperature	5...40 °C
Storage/transport temperature	-20...60 °C
Relative humidity (without condensation)	0...65 %

Identification

Main design line	T electronics
------------------	---------------
