

REN410X

AUDIO module built-in 2-wire stainless steel matt modesta

Technical characteristics

Technical characteristics	
Architecture	
Fixing mode	Built-in installation
Controls and indicators	
Indication / display	device configuration via LED display
Call push-button	Call push-button acknowledge tone can be switched off
Operating functions	door release during connection or at any time adjustable
Voltage	
Operating voltage	24 V DC
Switching voltage door release contact	max. 24 V
Electric current	
Switching current door release contact	max. 1 A
Dimensions	
Depth	21 mm
Recommended installation height	1.5 m
Dimensions front plate (W \times H \times D)	120 x 120 x 2 mm
Height	120 mm
Width	120 mm
Material thickness stainless steel	2 mm
Materials	
Colour of design line	Stainless steel
Colour	Stainless steel
Material / workmanship	metal brushed
Material	stainless steel
Surface appearance	matt
Material / surface	stainless steel surface, brushed transversely
Installation, mounting	
Installation mode	installation in surface-mounted or flush-mounted housings
Connection	
Contact	potential-free door release contact

Connection for module connecting cable ; pluggable

connection terminal block with screw terminals

Connection

Cable	
Conductor Ø	0.50.8 mm
Settings	
Setting	Volume, microphone sensitivity, door release function, camera and call button backlighting adjustable
Equipment	
Brightness	Operating modes of the call push-button module name plate backlighting adjustable: On, twilight controlled, Off
Cylinder	with error memory
Door release unlocking time	110 s
Door release contact potential-free	max. 24V/1A
Loudspeaker unit	loudspeaker sound volume adjustable ; microphone sensitivity adjustable
Use	
System technology	2-wire
Safety	
Protection	Loudspeaker and microphone protected against sabotage
Use conditions	
Operating temperature	-2055 °C
Storage/transport temperature	-3080 °C
Relative humidity (without condensation)	065 % (without condensation)
Identification	
Main design line	Modesta
