

TG353

**IP44**

**Big support for KNX weather station**

**Technical characteristics**

**Functions**

Precipitation (Yes/No) 1 bit

**Voltage**

Operating voltage over bus 21...32 V DC

**Dimensions**

Dimensions (LLxwwxhh) 40x16x6,5

Length, wall bracket 400 mm

**Measurement**

Measuring range, wind speed 0...35 m/s

**Materials**

Material aluminium

**Connection**

Bus coupling unit with integral bus coupling unit

Bus connection bus connection via connecting terminal

**Equipment**

Slewing with an adjustable joint

**Use**

Differentiation characteristic 3 - Sales with integral bus coupling unit

**Safety**

Protection index IP IP44

**Use conditions**

Operating temperature -30...50 °C

**temperatur**

Temperature measuring range, linear -30...80 °C

**Identification**

Main design line KNX

**Instructions**

Information text Ensure correct orientation and free-standing installation.
