

## ERC225

## Override Contactor 25A, 2NO, 230V~50Hz

## **Technical properties**

|  | ıec |  |
|--|-----|--|
|  |     |  |

| Connection                             |             |
|--|-------------|
| Type of contacts                       | 2NO         |
| Number of contacts                     | 2           |
| Cross-section flexible conductor       | 1 - 6 mm²   |
| Cross-section rigid conductor          | 1 - 10 mm²  |
| Electric current                       |             |
| Rated current                          | 25 A        |
| Capacity                               |             |
| Number of modules                      | 1           |
| Frequency                              |             |
| Frequency                              | 50 - 50 Hz  |
| Voltage                                |             |
| Rated impulse withstand voltage Uimp   | 4000 V      |
| Rated insulation voltage Ui            | 250 V       |
| Command voltage AC                     | 230 - 230 V |
| Command voltage DC                     | 0 - 0 V     |
| Use conditions                         |             |
| Operating temperature                  | -10 - 50 °C |
| Storage/transport temperature          | -40 - 80 °C |
| Endurance                              |             |
| Number of mechanical operations        | 100000      |
| Electric endurance in number of cycles | 30000       |
| Power                                  |             |
| Total power loss under IN              | 4 W         |
| Inrush power absorbed                  | 10,70 VA    |
| Dimensions                             |             |
| Height                                 | 83 mm       |
| Width                                  | 17,85 mm    |
| Depth                                  | 60 mm       |
| Equipment                              |             |
| Number of NO contacts                  | 2           |
| Number of NC contacts                  | 0           |
|  |             |

With switch for manual switch

Yes

Installation, mounting

Nominal tightening torque

1,20 - 1,20 Nm
