

SPB010N

Cartridge N-PE Uc 260V In 20kA Imax 100kA Up 1,5kV

Technical properties

	Configuration
:	lumber of modules
	Controls and indicators
Optio	ndicator lamp
	Main electrical features
240 / 415 \	Rated operational voltage Ue
50/60 H:	requency
	/oltage
264 \	Maximum continuous operating voltage Uc
	Dimensions
58.2 mn	Depth of installed product
89.8 mn	leight of installed product
	Electrical specifications
25 k/	Short-circuit breaking capacity (Isccr)
	nstallation, mounting
:	ightening torque
	Connection
1.5 / 35 mm	Connection cross-section of input and output with screws, for massive conductors
	Connection cross section of access and exit

Standards

Test class IFC61643-11 / VDF0675-6-11	TO
18SL CIASS IECD LD4:3-11 / VIJEUD / 3-D-11	1/

Safety

REACH conform	Yes
RoHS conform	Yes
Halogen free	Yes

Use conditions

Operating temperature	-4080 °C
